

E Dental Solutions

Dr. Elaha Wissinger

PERSONALIZED DENTAL CARE FOR THE ENTIRE FAMILY. When walking into E Dental Solutions, you will be greeted with a unique dental environment. From the crystal chandelier to the bubbling fountain and hint of vanilla in the air, E Dental Solutions has an upscale and relaxing atmosphere. Dr. Wissinger – with an undergraduate in psychology– strives to make her office inviting, helping patients relax, and have a pleasant experience while in her care. Patients can choose to enjoy music or watch TV during their procedures, and use nitrous oxide for pain alleviation.

Take a virtual tour of E Dental Solutions at www.EDentalSolutions.net. Meet the Doctor and staff, view their modern technology and microscope dentistry, watch a Lumineer's or Invisalign video and even download your new patient forms in the comfort of your own home.

Dr. Wissinger prides herself in having the most knowledgeable, caring staff around, so don't hesitate to ask them about Invisalign braces, Cerec one-visit crowns, Zoom tooth whitening, Laser Dentistry, Digital X-rays, Velscope cancer screening, or Lumineers Veneers.

A dental experience is not just about a person's teeth, says Dr. Wissinger. "I like to treat the whole person. I love the way we can positively change someone's attitude and confidence with a beautiful smile. Nothing makes me happier than to see patients pleased with their dental experiences at our office."

Give E Dental Solutions a call today and experience a different kind of dentistry.
